Sigurd, Utah 84657

Subject: Notice of File Closure, United States Gypsum, Moore Road Project, S/015/092, Emery County, Utah

Dear Mr. Allen:

The Moore Road Project small mining permit, file number S/015/0092, located in Emery county, Utah, will now be closed and the file retired.

On March 16, 2012 the Division received a request from State Institutional Trust Lands (SITLA) to close the file because the lease had expired. Our records show that a Notice of Intention to Commence Small Mining Operations was never approved though the Division did receive an annual report for 2011.

If you wish to conduct any future mining related activity in this area, you will need to submit a new notice to the Division and a reclamation surety prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5258 or Wayne Western at (801) 538-5263.

Sincerely,

Paul B. Baker
Minerals Program Manager
